CURRICULUM VITAE

Paul John D. Peligro

INFORMATION TECHNOLOGY

OBJECTIVE

To work in a dynamic and innovative environment where I can apply and grow my IT expertise, contribute to high-quality solutions, and continue developing strong decision-making skills through continuous learning.

PERSONAL INFORMATION

Address : Zone 12, Blk. 1, Lot 7, Phase 3 Lower Alta Tiera, Tiguma, Pagadian City, Zamboanga Del Sur, Mindanao, 7016
Place of Birth : Cagayan de Oro City, Philippines 9000
Date of Birth : July 05, 1991
Nationality : Filipino
Civil Status : Married
Age : 34 years old
Height : 5'7"

CONTACT INFORMATION

Email : pauljohn.peligro@gmail.com
Phone Number : +639760412374

EDUCATION BACKGROUND

Graduate Study : University of the Immaculate Conception 2016 – 2018
Master in Information Technology (**w/ 33 units, 3 units lacking**)

Tertiary : Cagayan de Oro College – PHINMA Education Network 2009– 2014
Bachelor of Science in Information Technology
Major in Programming
Carmen, Cagayan de Oro City, Philippines 9000

Secondary : Canitoan National High School 2005 – 2009
Canitoan, Cagayan de Oro City, Philippines 9000

Elementary : Sacred Heart Village Elementary School 1998 – 2004
Zone 8, Phase 2, Sacred Heart Village, Carmen, CDO

CERTIFICATION

TESDA Computer Systems Servicing NC2 passer.
TESDA Computer Hardware Servicing NC2 passer.

SUMMARY OF QUALIFICATIONS

- Expert in REST API design, development, and integration
- Expert in software testing, QA processes, and automation tools
- Extensive experience in serverless application development using modern cloud services
- Strong experience in Agile and Waterfall development methodologies
- Skilled in UI/UX optimization with a focus on high-performance and clean coding practices
- Proficient in secure coding, code refactoring, and software quality best practices
- Excellent written and verbal communication skills; able to collaborate effectively with stakeholders
- Strong ability to manage customer requests, system issues, and technical escalations
- Highly adaptable, detail-oriented, and committed to continuous learning and improvement
- Proven leadership capability, including mentoring, guiding, and training team members
- Able to perform effectively under pressure with minimal supervision

Other Technical Skills Summary

- Experienced in installation, configuration, migration, upgrading, and maintenance of desktop and laptop systems, including various Windows operating systems (XP to Windows 11), software, and peripheral devices.
- Strong background in database design and implementation using MS SQL Server and MySQL.
- Proficient in configuring, administering, and maintaining Windows Server environments (2008 R2 and later versions).
- Skilled in computer network setup and configuration, including cabling, infrastructure preparation, and basic network troubleshooting.

Technical Skills

Programming Languages

- JavaScript (Advanced)
- TypeScript (Advanced)
- Python (Intermediate)
- Java (Advanced)
- PHP (Advanced)
- C# / VB.NET (Advanced)
- C++ (Intermediate)
- HTML, CSS (Advanced)

Frameworks & Libraries

- **Frontend:** ReactJS, Reactstrap, VueJS, Bootstrap, Tailwind CSS, Livewire, Laravel, Material-UI, Sass, Less
- **Backend / API:** Node.js (REST API), Spring Boot (REST API), ASP.NET
- **Mobile:** Android/iOS Development, Google Flutter
- **Other:** Next.js, jQuery

Cloud & Serverless Technologies

- AWS Lambda (Node.js / Python)
- API Gateway
- Amazon Bedrock (Generative AI)
- Amazon EC2
- Amazon S3
- Firebase Console

DevOps / Version Control

- Azure DevOps
- AWS CodeCommit
- GitHub
- GitLab
- GitBucket
- CI/CD

Deployment & Hosting

- AWS EC2 Deployment
- VPS Deployment (Ubuntu, CentOS, Debian)
- NGINX / Apache Web Server Setup
- PM2 Process Manager for Node.js Applications
- Reverse Proxy Configuration
- SSL/TLS (Let's Encrypt) Integration
- Domain & DNS Management
- Environment Setup (production/staging)
- Docker App Deployment (containerization, image creation, Docker Compose)
- File Transfer & Server Automation (SCP, SSH, SFTP)

Databases

- MS SQL Server
- MySQL Server
- PostgreSQL (via pgAdmin)
- MongoDB
- MS Access

Database Tools

- SQLyog
- MySQL Workbench
- phpMyAdmin
- pgAdmin

Testing Tools

- Selenium
- Puppeteer
- Jest
- Postman

Software & Productivity Tools

- Microsoft Word, Excel, Access, PowerPoint
- SharePoint
- Figma
- Adobe Photoshop
- InDesign
- Blender 3D

IT & Infrastructure Skills

- Computer hardware troubleshooting, diagnosis, and repair
- Windows OS installation & maintenance (Windows 10 → 11)
- Windows Server administration (2008 R2 → latest)
- Networking setup, configuration, wiring

Design & Creative Tools

- Adobe Photoshop
- Adobe InDesign
- Blender 3D
- Figma

Professional Skills

- Systems Analysis
- Software Testing
- REST API Design
- UI/UX Optimization
- Secure Coding & Refactoring
- Agile & Waterfall Methodologies
- Technical Leadership & Training
- Documentation & Communication
- High-performance Coding Practices

SEMINAR/TRAINING

July 13, 2018	Node.js and JavaScript Frontend Framework to the Higher Level AMA Computer College, Cagayan de Oro City, Philippines
March 13 - April 30, 2018	Trainer's Methodology Level 1 Asian Entrepreneurs Technological Institute Inc., Pasig City, Philippines
March 16, 2018	International Research Conference Interdisciplinary 4.0 Brokenshire Hotel-Resort and Convention Center, Davao City, Philippines
March 16 - 18, 2017	17th Philippine Computer Science Congress University of San Carlos, Talamban Campus, Cebu City, Cebu, Philippines
September 8 – 11, 2014	HP Software Testing-Unified Functional Testing AMA Computer College, Davao City, Philippines
April – July 2013	On-The-Job-Training Northern Mindanao Medical Center (NMMC)
October 25, 2013	DEVCON Cagayan de Oro College – PHINMA Education Network

JOB EXPERIENCE

1. **Sr. Application Systems Engineer / Consultant**

   Fujitsu Philippines - Manila Branch (June 27, 2022 – Present)

   Developed Web Applications' Highlights:

   - **External Project**: Enhancement for an existing web application using ReactJS and Node.js. This is like Zoom meeting or Google meet with audio, video, chat and etc.
     - Created an SDK for customer's website and implemented a passcode session method.
     - Added generative AI feature for agent during session
     - Added transcribe AI feature for agent after session using AWS Lambda and Amazon Bedrock.
     - Added cobrowse feature during session (share screen, control screen, pointers) for the agent and guest.
     - Added uploading and downloading feature for Bedrock Knowledge Base documents
     - Added bedrock parameters feature
     - Added session timer feature
   - **Internal Project**: Internal Monitoring using PowerApps
     - For managers monitoring app
   - **Internal Project**: Internal Monitoring using ReactJS and Spring Boot
     - For managers monitoring app

2. **Senior Programmer - Full Stack Web Developer**

   Homemark, Inc., Philippines (April 7, 2021 – June 24, 2022) [1yr and 2mos]

   Developed Web Applications' Highlights:

   *Note: Systems below are all **mobile responsive***

   - Company Profiling Interface
     - For marketing and for employee's portal
   - Loan Monitoring System
     - Include Uploading Documents
   - Human Recourse Management System
     - Accounts/employee's Account Mgmt.
     - Uploading and Downloading Loan Bulk of Data, etc.
   - Chairman's Monitoring System
   - Warehouse Systems
     - Creation of Authority to Transfer Module
     - Transfer Out Materials Module
     - Transfer In Materials Module
     - Monitoring of Materials Module
     - Receiving of Materials Module
     - Releasing of Materials Module

     (With Export to Excel and Printable Materials)

3. **Freelance Full Stack Desktop and Web Developer** (June 2014 - 2020) [5yrs & 9mos]

   Developed System's Highlights:

   - POS
   - E-commerce
   - Management Information System
   - School Mgmt. System
   - OPAC Library System
   - Harbour Fish Mgmt. System (New Zeeland)
   - Android Applications
   - School Dean Automize Student Evaluation System
   - Inventory andMonitoring System and many more minor systems developed

4. **Online Tutor for Programming** – Other State Colleges students (Unfixed months and years)
   - Java, Python, VB.Net, VB6, PHP, CSS

5. **Part-time Instructor** – AMA Computer College Cagayan de Oro (June 17, 2019 to January 2020) [7mos]
   - Programming Instructor to Computer Science, Information Technology students

6. **OIC Dean** – AMA Computer College Cagayan de Oro (February 1, 2018 to June 16, 2019) [1yr & 5mos]
   - Preparing all instructor's plotting forms or schedules
   - Creating trimestral schedules
   - Managing faculties' concerns
   - Commission on Higher Education (CHED)-curriculum preparations
   - Academic planning
   - Enhancement of programs
   - Teaching limited specialization programs
   - Scholarship and service
   - Professional and regional accreditation
   - Recruitment of faculty
   - Faculty development and evaluation
   - Student recruitment
   - Advising in many aspects in terms of academic
   - Budget development both to academic and non-academic concerns
   - Allocation of resources
   - Panelist for all graduating students

7. **BSCS/BSIT Instructor** – AMA Computer College Cagayan de Oro (June 11, 2014 to January 31, 2018) [3yrs & 8mos]
    - Main Programming Instructor to all Computer Science, Information Technology and Computer Engineering students including graduating students.
    - System's annalist(Technical side)-Panelist since 2014 until 2019
    - Programming Consultant
